### YAN Training Weekend

After a much too long period of online meetings the YAN board and local representatives will finally be meeting in person on the weekend of the 15th of October. During the weekend we will also have a chance to brainstorm on future activities and events, the current organisational structure of the organisation, and collaborations with other European ECA organisations such as UKAN+ or jungeDEGA. We will stream the presentation on these subjects on the 15<sup>th</sup> of October, from 11:00 CET to 12:30 CET, at this link:

### Vibroacoustic Masterclass on Structure borne Sources

Hi everyone, this month we leave you with a webinar on the vibroacoustics of structure borne sources.

The webinar was funded by the UKAN+ and organised by the the University of Liverpool, the University of Salford and Hoare Lea. It looks at the underlying principles and practical applications in the generation and propagation of structure borne sound. Just click the picture below and have a look...!

If you are an early career acoustician and would like to have your publication included in the newsletter please email [dpereira@bickerdikeallen.com](mailto:dpereira@bickerdikeallen.com)
